

The Alex Hartner Memorial Horse Show

October 25 & 26, 2008

Alexandra (Alex) Hartner, 18, died January 13, 2008, from injuries incurred in an automobile accident in which she was a passenger. But it is her life, not her death that is important to those touched by her incredible character. And live she did; simply put, Alex sparkled. The light that was Alex shone especially bright around all things equine. Those who loved Alex are establishing the *Alex Hartner Memorial Horse Show* to celebrate her passion for horses and to benefit two scholarship funds that have been established in her honor. We know that Alex will be cheering with all of the participants at the event who are helping to cherish her memory and having a blast in the process.
Ride on.
